Announcing Second *CELDT Live!* WebEx Presentation**

**Subject:** *CELDT Live!* 1B WebEx Presentation Announcement

---

Dear CELDT District Coordinator:

**Announcing the Second Monthly *CELDT Live!* WebEx Presentation**

To help get information out to the field about the 2009-10 California English Language Development Test (CELDT), Educational Data Systems and the California Department of Education are giving a series of WebEx presentations called *CELDT Live!*

*CELDT Live!* presentations will cover practical information you will need to know to implement the CELDT at your district. The first *CELDT Live!* focused on introducing Educational Data Systems and ordering 2009-10 test materials. The *CELDT Live!* 1A WebEx archive is now posted and can be accessed by visiting <http://www.celdt.org/workshops/live/>.

The next *CELDT Live!* will provide information on the K-1 reading and writing tests including findings from the field test, administration and scoring of the test, and the types of items in the test. During the WebEx presentation, you will be able to submit written questions using a "chat" feature, and at the end of the presentation we will hold a short question and answer period. All questions will be addressed in a Frequently Asked Questions document that will be posted on the Web site.

Details about our second *CELDT Live!* WebEx presentation are:
